STRATEGIC RECOVERY PLANNING

US Army Corps of Engineers

FEMA

BACKGROUND

- Recovery program has historically done ad hoc planning for large operations
- Katrina underscored absence of long-term operational planning capability
- Framed out requirements
- Engaged contractor support
- Convened focus group

US Army Corps of Engineers

FEMA

Strategic Recovery Plan PURPOSE/OPERATIONS

- Objectives of the planning process/applicability
- Clients
- Organization/Staffing
- Timelines

US Army Corps of Engineers

FEMA

CURRENT STATUS
PATH FORWARD

- Pilot projects: Iowa and Texas
- Finalize SOP and training guidance
- Develop staffing capability
- Market capability
